STOCK NOTES.

Arizona's advantages as a stock country are fast being recognized. Hoof and Horn.

The spring is opening up in magnificent shape, with cattle commanding excellent prices and fair prospects of a rising market .-Flagstaff Champion.

Blooded bulls are constantly be ing received by Arizona stockmen, and these arrivals are of such common occurrence as to hardly excite comment.—Champion. Lela B. the Arizona horse, which

did up the sharpers at the Albuquerque fair last summer, is winning many races and much money on the New Orleans track.-Stock Lyons & Campbell have had

Daniel and George Harris, of Middle Gila, placed under bonds to await the action of the grand jury on the charge of killing a heifer not their own.

Lyons & Campbell, of Silver City, have let the contract for building a boiler house, two onehundred thousand gallon tanks and forty large troughs for their dressed beef establishment.

Cattle in nearly all sections of northern Arizona are in splendid condition. The seasons have been favorable in every particular, and as a result losses have been nominal, feed good, the stockmen happy, and the cattle fat.-Stock Grower.

The San Simon Cattle Company of Grant county, has purchased John W. Merchant's bunch of 1,000 cattle; the horse stock was sold to Head & Hearst, for their Apache-Tajoe ranch at \$18 per head. The Head & Hearst company also bought Merchant's ranch.-Stock-Grower.

The rodeo party reached Florence this week, and are now working back toward Pima county. Cattle seem to have scattered more than usual this season. Cattle from the ranches in souther Pima were found near this place.-Florence Enterprise.

The Senate has passed the bill to establish a national live stock highway to promote commerce between those states in which the growing of live stock is a prominent | 172 lbs. industry. The bill by its provisions sets apart a strip of public land along the east line of Colorado, averaging two miles in width.—Exchange.

Mr. T. D. Hammond, manager of the Columbia Cattle Company. is in town on a visit to his family. The company have bought out the cattle and ranch belonging to Mr. Fritz Ewe, of the Catalinas, but have not yet finished rounding up the cattle. There is about 400 head in Mr. Ewe's band. This company have one of the finest ranges in the county.-Pinal Record.

The Utah Legislature has passed a law providing against the county, of that Territory, between the first days of January and July of each year. The penalty provided for violations of the law is the impounding and sale of all animals taken-up. A provision of the operation can be extended to any county in the Territory whenever a majority of the voters in the county so elect.

Searchers for cheap steers, yearlings and twos, of good grade, half Record. breeds and better, can secure about 2,000 in Apache county, Arizona. The stockmen of that section are anxious to sell, and owing to the distance from central points offer their stock at low prices - yearlings at \$12 and twos at \$16. An easy PRESSES, at \$12 and twos at \$10. At easy drive can be made to Colorado and Wyoming, along the east line of the Navajo reservation. Several herds from western New Mexico passed over this route last year, and found plenty of water and good feed all along the trail.-St John's Herald.

John Mullen, who with his brothers has a stock ranch in the Superstitious monntains, tells the reporter that he has not much confidence in the silver strike reported by us Wednesday. His opinion is that the men who are excited over the discovery are inexperienced in mining. Outside of this, Mr. Mullen informs us that the mountains afford most excellent stock ranges, grass growing most luxuriantly, and that the water alone limits the cattle in that section. His company are arranging for reservoirs to supply water for stock during the summer months.-Phenix

ARIZ. Friday prosecuted, convicted and Switch."

fined \$200, under the law passed by the last legislature, providing that every ranchman shall have one bull to 25 cows. This is the first conviction under this law .-

Epitaph.

We learn from the attorney for the Tombstone Stock Growers' Association, that Mr. Allen paid his fine in the above case. Two hundred dollars would have bought four good bulls, more than sufficient to have put Allen within the pale of the law. It will hereafter behoove cattlemen to read tho stock laws and comply with the same.-Tuscon Star.

The largest barn in the world is situated at Papilion, Neb. It covers five acres of land, and shelters 3,750 cattle. It is said to be the intention to enlarge this stable to accommodate 8,000 cattle. The object is to take range cattle and finish them as prime beef. This great barn is said to have a complete system of water works. The barn is thoroughly washed twice every day. The cattle are fed upon cooked meal. One man feeds the whole herd by turning on a large faucet, thus letting the feed run to them from tanks.

COPPER MATTE.

Bayfield county, Wisconsin, aspires to enter the ranks as a copper producer.

Arizona ranks third in the list of copper producing states. Michigan and Montana taking preced-

During January and February dividends to the amount of \$780,-000 were paid in Boston by the Lake Superior copper mines.

Of copper matte and ore there were exported from New York during the week ending March 15th. 1,554,201 lbs.; total since January Ist, 11,262,619.

Total exports of copper from New York since January 1st, are 4,454,546 lbs. as compared with 7,-187,527 lbs. in 1885, 968,276 lbs. in 1884, and 907,486 lbs. in 1883.

During the year, 1885, 137,276 tons of rock were treated at the mill of the Franklin mine, Mich., producing 4,812,565 lbs. of mineral, which gave a yield of 83.13 per cent. of refined copper, or 3,999,-

mill at Signal will prove a blessing portions of God's footstool, can to chloriders in that section .- Wallapai Tribune.

Dan. Holloway has been chloriding on the old Stockton Hill for some time past and last Tuesday he brought down several tons of high grade ore and had it worked at the sampler. - Wallapai Tribune.

An average of the Josephine mine, situated about half a mile northeast of the Woodpecker, gave an assay of 72.90 ounces in silver to the ton, this week. The vein or pay streak is over two feet wide running at large of bulls in Rich and the character of the ore is similar to that of the Woodpecker.

-Pinal Record. We learn with pleasure that arrangements have been made for the sale of the Elder and Nieman group of gold mines at Riverside to a company of New York capitalists. This is a good proposition and we shall be glad to chronicle the advent of another first-class company in our county.-Pinal

The Senator Beck mine, owned by Messrs. Hunt, Kinney and Groves and situated near the Woodpecker is looking very well. They have driven a tunnel in on the ledge a distance of about fifty feet and it is nearly all in ore. They also have an incline down about twelve feet which also shows some good carbonate ore. Taken as a whole it is a very promising showing.-Pinal Record. Mr. N. A. Matherne, the gentle-

man from Louisiana, who purchased Mr. L. L. English's ranch last week, is a practical sugar maker, and will try the experiment of manufacturing sugar here. He says the conditions of soil and climate here are, in his estimate, superior to those of the best sugar districts of Louisiana, and he feels confident of making a success of the business. As new men come in the real virtues of this valley will become known and appreciated and an hundred enterprises, not yet dreamed of, will open up .-Florence Enterprise.

The subject for debate in a California town was: "Which is the most beneficial to the Human Race, Mark Allen, of Wilcox, was on the Railway Switch or the Hair load of ore in a day or two. - Tue-

CAN'T GIVE THEM UP.

Sheriff Hatch, while at Bowie, made a formal demand upon Gen, Crook, for the Indians, against whom warrants were sworn out in Tombstone. The general received him very politely, and told him he could not give up the prisoners, and asked Mr. Hatch to put the demand in writing, which he did, and the general promised to for ward it to the department at Washington.

Sheriff Hatch yesterday received the following letter from General Crook on the subject:

FORT BOWIE, Ariz., Apr. 5, 1886. Robert S. Hatch, Sheriff of Co-

chise County:
DEAR SING Your letter of April 3d, making a demend on me for the persons of Nans, Chihushus and several others of the rensgades now under my charge, is at hand. The persons named are prisoners of war, and I am direct ed by the secretary of war not to surrender them except upon authority from Washington.
GRORGE CROOK.

Brig. Gen. U. S. A.

Tombetone Epitaph 7th inst.

A general order was issued by the War Department recently announcing the following assignments: Major-Gen. J. M. Schofield to the Division of the Atlantics Maj.-Gen. A. H. Terry fo the Division of the Missouri: Mai. Gen. Howard to the Division of the Pacific. Brig.-Gen Crook was relieved from the command of the Department of Arizona and assigned to the Department of the Platte, formerly commanded by General Howard. Brig.-Gen. N. A. Miles, now in command of the Department of the Missouri, has been assigned to the Department of Arizona. The departments of Dakota and Missouri will be divided between the new Brigadier-Generals Ruger and Potter.

NEW PUBLICATIONS.

The Arizona Ontlook, a journal of reliable information upon all subjects pertaining to our Territory, reached our table last week. It is published by Hon Pat. Hamilton, Immigration Commmissioner for the Territory, and sets forth the many advantages of this great and growing empire, as well as the unlimited possiblities of the future. It is a faithful exponent, and is deserving of more than a passing no-The southern part of this county, tice. The seeker after information is picking up a good deal in min- of the capabilities and possibilities ing matters and the starting of the of one of the fairest and richest find in the Outlook more valuable facts in a few moments perusal, than could be gleaned from a life time correspondence. The paper is published in pamphlet form,is an eight page, four column edition, and is intended for gratuitous distribution. Copies of the paper, as well as any desired information relating to the territory, will be furnished by the Commissioner, whose address is Phenix, Maricopa County, Arizona.

The April number of the Over-

land Monthly, lies before us. It is filled to repletion with interesting reading matter bearing upon the current topics of the day. The all pervading Chinese question is alluded to by two contributors, and the subject is presented in all its various phases. The Overland has in the past presented more than twenty-five papers and editorials on this comprehensive and much vexed subject, all of which have been eagerly perused by an interested public. Reminisences of early days in the mines, together with other pioneer sketches, dear to the heart of every Californian, we have devoured eagerly, finding great comfort in reverting to scenes, many of them familiar to us, which had been buried, or at least obscured, by the cob-webs of time. "On the Trail of Geronimo," a humorous and truthful array of facts, is deserving of some attention, as the author, Fred. W. Stowell, who formerly taught our public school, is well-known to all residents of this part of the county. It describes in detail, the hardships, as well as the ludicrous appearances of many of Clifton's braves who took part in that memorable campaign. Other choice selections of light and intereresting subjects present themselves, from which the reader takes his choice. All in all the book is worthy of close perusal, and contains a fund of information not otherwise attainable. For sale by Overland Publishing Co., 120 Sutter street, San Francisco, Cal.

The Break Even mine in San Xavier neigborhood, Pima Distret, is proving to be quite a bonanza. It is owned by E. B. Gifford and others, who will ship another carson Citizen.
